

GRAND COMBINATION!

HERR DRIESBACH & CO'S MENAGERIE!

COMBINED WITH
MABIE & CO'S UNITED STATES CIRCUS,
FOR 1853.

P. A. OLDER, MANAGER.

Will Exhibit at

Huntsville, on Monday,	August 22d.
At Madison, on Tuesday,	" 23d.
At Paris, on Wednesday,	" 24th
At Clinton, on Thursday,	" 25th.
At Harpersburg, on Friday,	" 26th.
At Hannibal, on Saturday,	" 27th.
At Palmyra, on Monday,	" 29th.

The public are respectfully informed that these two vast establishments, united for the present season, form by far the largest collection of LIVING ANIMALS and the most attractive array of ENTERTAINING NOVELTIES, ever exhibited in this or any other country. The Menagerie contains many rare and beautiful specimens of animals of nature, such as Asiatic Elephants, Arabian Camels, Asiatic and African Lions, Royal and Brazilian Tigers, Cheta or Hunting Leopards, South American Panthers, Cougars, Ocelots, Civet Cat, Mexican Lion, Grizzly and Black Bears, Wolves, Deers, Hyenas; the celebrated Brahma cattle and China Sheep; also, a great variety of Birds and Monkeys, which will be exhibited in connection with Mabie's United States Circus, without extra charge.

The Cavalcade will arrive in town on the above morning, and there will be a GRAND PROCESSION, headed by the Monster Elephant Kaslo-Atia, one of the largest in the United States. The procession will be preceded by the celebrated NEW YORK BRASS BAND, directed by the renowned Bugle Player, F. A. STEELE. Conspicuous in the Grand Cavalcade will be seen the MAMMOTH PERFORMING CAGE, weighing over 10,000 pounds, drawn by EIGHT SNOW-WHITE STEEDS, altogether forming a most magnificent moving Panorama.

A thrilling performance at each exhibition in an immense performing den by Signor Hidornago, the most renowned of Lion conquerors, who will, at a certain period enter the den of his terrific groups of Lions, Tigers, Leopards, Cougars, Panthers, &c.—the same as performed by him in all the principal cities of Europe and America.

MABIE & CO'S UNITED STATES CIRCUS.—This stupendous establishment is organized at an enormous expense, and the proprietors feel proud in recommending to the public a series of novelties unsurpassed by any Equestrian Troupe now traveling. The principal stars who compose the Equestrian Troupe are, Mr. W. Waterman, Equestrian Manager and celebrated two, four and six horse rider; Davis Richards, the world's only bare back rider and celebrated leaper; J. Sholes, that great India-rubber man and globe and ladder performer; W. Chambers, the famous scene rider; S. Cole, in feats of muscular flexibility; two star Clowns, Puss Horner, the great American Jester, also, Sam. Welsler, the great Portuguese Juggler and trick clown, each famous for original wit and humor; besides a host of others—and in fact, the whole establishment is a vast repository of Nature and Art.

Hours of Exhibition from 1 to 4 P. M. and 7 to 10 P. M.
Admission, 50 cts., children and servants, 25 cts., to the whole combined exhibition.
Doors Open at Hannibal, at 2 and 7 o'clock.
For further particulars, see large pictorial and descriptive bills and lithographs, at the principal hotels.

Smith & Dick's New Family Grocery, on Market street.

THEY take this method of informing the citizens of Hannibal and vicinity, that they have opened a new family grocery store on Market street, immediately north of the market house, where they intend keeping all kinds of Groceries suited to the retail trade. We intend keeping on hand all kinds of marketing, and will be pleased to see our friends at any time when they want anything in our line. We have, and will continue to keep Fresh Meats on hand during the winter season. As we have the best opportunity of purchasing Fowls, Vegetables, &c., it will be to every man's interest to call and examine, before purchasing elsewhere, as we will have everything that can be obtained at the market house during the day.

Improvement in Antagonistic Dentistry.

DR. S. H. ANDERSON would respectfully inform the citizens of Hannibal and country especially, that he is inserting teeth on an improved plan, which, for its adaptation to the functions of mastication, cannot be surpassed. Dr. A. will guarantee to any person who wants a set of teeth—let their jaws be ever so irregular or badly deformed from the loss of them and absorption—that he will make them a set that will antagonize or shut together as regularly and as perfectly the first time they are put in the mouth, without any grinding or altering, as their natural teeth ever did. Any person wishing evidence of this, if they will call on Dr. A. he will show them several entire upper and lower sets right here in the city, and let them judge for themselves. Particular attention given to the treatment of all diseases of the mouth, and the mal-position of the teeth.

All operations warranted, and charges reasonable.

N. B. Persons from the country wanting work done, and being unacquainted with the true merits and skill of the Dentists in this city, would do well to inquire here in the city, where they are both known.

KIDWELL'S COMPOUND FLUID EXTRACT OF

Beech Drop, or Cancer Root,
(OROBANCHE VIRGINICA.)
For the rapid cure of Cancer, Ulcerated Sore Throat, White Swelling, Bronchitis, Dropsy, Dyspepsia, and all Diseases arising from an Impure state of the Blood.

History of the Beech Drop, or Cancer Root.

Dear Sir: I was afflicted, in 1825, '26 and '27, with a Scrofulous condition of my system, in which my physician thought my lungs were materially involved. I was restricted to the simplest diet; in fact, my stomach would not digest food sufficient to give me strength. Upon consultation with another eminent medical man, my case was pronounced deep-seated and incurable. My own physician ceased visiting me, and my death was fully expected in a short time. James Webster called on me, and persuaded me to use the Extract of Beech Drop. In a few days my appetite improved, and all the unpleasant symptoms about my stomach passed off. My general health was so improved by the use of it, in 3 or 4 weeks, that my weight increased from 125 to 175 pounds in twelve months. You can scarcely enter a house where they had not used it, and all acknowledge its great virtues. My family is never without it, and I attribute my good health entirely to its use. I will cheerfully give further information to any one concerning this extraordinary medicine, if they will call on me in person.
THOMAS BANGS, High St.

Mr. J. L. KIDWELL.

Georgetown, D. C., Sept. 2, 1852.
Mr. Kidwell: Believing it to be the duty of those who have been benefited by the Extract of Beech Drop to make it public, that others may enjoy its health-restoring powers, I make the following statement and certificate: My daughter, Virginia Newman, for many years was afflicted with a

SCROFULOUS SORE EYE,

Chronic Rheumatism Cured!
which gradually extended over her whole body. The character of the disease was so violent that we despaired of saving her, and she died of the loss of her feet. She had scabs over her entire head; and after using tar caps, and taking 8 or 10 bottles of Fowler's Sarsaparilla, and a great quantity of Syrup of Sarsaparilla, some one directed James Webster to me. He was confident of the success of the Extract of Beech Drop, and I used it. In three weeks her sores were all healed; and her head, so horrible to the sight, was soon dried up. She is married now, and blessed with a healthy family; and has not had the least return of her disease since.
Yours, &c.
S. NEWTON, Second st.

Another Similar Case!

Certificate of Mrs. Mary Hunsbrough.
Georgetown, D. C., Sept. 2, 1852.
This is to certify that my daughter, Mary Emma, was afflicted with scrofulous sore eyes from the age of one year until she was eight years old. Her left eye was inflamed to such a degree, that the physician remarked that it would be a miracle if she did not lose it. After exerting every means in our power to subdue the inflammation, the good effects of Beech Drop in rheumatism and other diseases, induced me to use it. The effect produced was wonderful. In four or five days the inflammation all subsided; the child's general health improved, and she now exhibits the picture of good health.

NEW-YORK TRIBUNE.

THE NEW-YORK TRIBUNE having completed the twelfth year of its existence, on the 9th of April, signalled its entrance into its teens by an enlargement of its borders, adding fully one third to its area, and which will require us henceforth to pay more for the white paper on which it is printed than all we receive from its subscribers. And, ample as our income has been, (though less ample than it has been currently reported) our expenditures for the next year must be larger than our annual income has ever yet been.

We have taken this important step not without reluctance, but upon the maturest consideration. There are thirteen of us concerned in the Tribune establishment as proprietors with one hundred and seventy more directly employed on the paper—all to be satisfied out of its current income—and this enlargement adds some \$50,000 per annum to our expenses without necessarily increasing our receipts. Yet we encounter so many complaints of the small type, too fine print, bad for the eyes, &c., that we have resolved to risk our all on the enterprising making a paper which will satisfy many thousands who have hitherto stood aloof, and so enlarge our Subscription and Advertising as to secure us a reward for our exertions in the future equal to that we have enjoyed in the past. If we can add one-fourth to our reading matter, and present the whole in a clear type of good size, we believe we may nearly double our circulation; and this, though of no direct advantage to us, secures such an increase of our Advertising as will leave us nothing to desire.

The Semi-weekly Tribune was enlarged to the new size of the daily, and we urge our country friends who have no daily mail, or think they cannot afford a daily paper, to give this an examination. We always study to condense the largest possible amount of useful and interesting matter into our Weekly; yet it is physically impossible that we should print there even one-third of our letters from Europe, Asia Minor, India, California, Mexico, Central America, &c., &c. But all these are given in our semi-weekly. There is not another paper issued in the world which contains so large an amount of mainly original reading for so small a sum; and we trust that, should postage have been reduced to a mere bagatelle, there are thousands of our friends who have hitherto taken the weekly, who will henceforth take the semi-weekly. We will send a specimen to any one who, without subjecting us to expense, shall see fit to apply for it.

The Weekly Tribune will likewise be enlarged to the new size of the Daily in September next, at the close of its current volume. It will then be the largest Weekly afforded to Cuba for \$1 per annum in the world, and its white paper will cost us nearly or quite all that we receive from its Club Subscribers. We shall hope to make it pay by appropriating a small part of the new space we thus create to Advertising, which until such enlargement, we must continue to keep within the narrowest limits. It is issued every Thursday morning, and contains most of the matter of the Daily, with more summary accounts of such Events and Proceedings as cannot be published in full. We mean that no Weekly shall surpass this in giving a full, graphic, and faithful account of what the World is doing, whereof it is thinking, and how it is progressing.

Daguerreotypes! Daguerreotypes!! W. P. PITTS,

Resident Daguerrean Artist, would simply remind the citizens of Hannibal and surrounding country that he is still taking pictures at his Gallery on Main street, over Willson's hardware store, and would inform them, that from recent additions to his stock, and his increased facilities, he is now prepared to take pictures in a style far superior to any heretofore taken in this city, and at reduced prices. Call and examine.

Look out for the Old Lumber Yard.

WELL-seasoned Pine Lumber suitable for all building purposes, can all times be had at the Old Hannibal Lumber Yard, which has been established 8 years. The proprietor deems it unnecessary to puff his Lumber to make it sell, or to say any thing about experience in the business except to those who never purchased from him. He would remark that an experience of eight years in the business gives the decided advantage over any other who never had experience—his Lumber has been purchased for cash and selected with great care, from the best mills in the Pinery. Mechanics and others wishing to purchase Lumber would find it to their advantage to call and examine the stock of Lumber and Shingles at the Old Lumber Yard before purchasing elsewhere. If you cannot get it for a less price, I will guarantee you can get it as low and a better article for the same money. Also, Lumber, Shingles and window sash.

Another Scientific Wonder!
GREAT CURE FOR
DYSPEPSIA!
DR. J. S. HOUGHTON'S

PEPSIN

THE TRUE
DIGESTIVE FLUID,
OR, GASTRIC JUICE.

Prepared from Rennet, or the fourth stomach of the cow, after the directions of Baron Liebig, a great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.
It is the chief element, or great digesting principle of the Gastric Juice—the solvent of the food, the purifying, preserving, and stimulating agent of the stomach and intestines. It is extracted from the digestive stomach of the cow, thus forming a true digestive fluid, precisely like the natural Gastric Juice in its chemical powers, and furnishing a complete and perfect substitute for it.

This is Nature's own remedy for an unhealthy stomach. No art of man can equal its curative powers. It contains no alcohol, biters, acids, or noxious drugs. It is extremely agreeable to the taste, and may be taken by the most delicate patients who cannot eat a water cracker without the most acute distress. Beware of drugged imitations. Pepsin is not a drug. Half a teaspoonful of Pepsin infused in water, will digest or dissolve five pounds of roast beef in about two hours, out of the stomach.

Scientific Evidence!
The Scientific evidence upon which this remedy is based is in the highest degree curious and remarkable. Call on the agent and get a descriptive circular, gratis, giving a large amount of scientific evidence from Liebig's Animal Chemistry, Dr. Combe's Physiology of Digestion, Dr. Pereira on Food and Diet, Dr. John W. Draper of New York University, Prof. Dunglison's Physiology, P. of Stillman, of Yale College, Dr. Carpenter's Physiology, &c., together with reports of cures from all parts of the United States.

Pepsin in Fluid and Powder.
Dr. Houghton's Pepsin is prepared in Powder and in Fluid Form—and in Prescription vials for the use of Physicians. The powder will be sent by mail, free of postage, for one dollar sent to Dr. Houghton, Philadelphia.

OBSEKVE THIS!—Every bottle of the genuine Pepsin bears the written signature of J. S. Houghton, M. D., sole proprietor, Philadelphia, Pa. Copy right and Trade Mark secured. Sold by all druggists and dealers in medicines. Price, ONE DOLLAR, per bottle.
